

DecarBOATS

Decarbonisation of Small Boats in
the South Adriatic Sea

GREEN

DecarBOATS - Decarbonisation of Small Boats in the South Adriatic Sea - is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

Duration

start date - end date

01.07.2025 - 31.12.2027

Main Goal

The DecarBOATS project promotes green technologies to decarbonize small boats in the Adriatic Sea, reducing emissions and fostering sustainable maritime mobility between Italy, Albania, and Montenegro.

Total budget

1.139.077,78 €

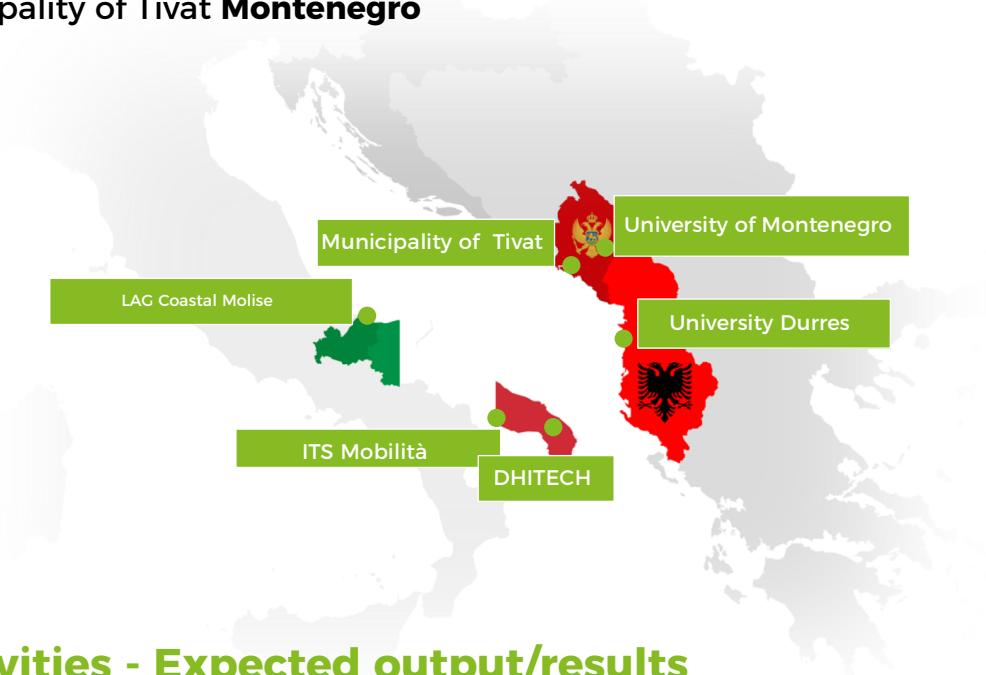

EU funding

937.107,11 €

Project Partners

- **Lead Partner** - Participation Foundation DHITECH - HIGH-TECH Technological District (DHITECH) **Italy**
- **Partner** - Higher Technological Institute for Mobility Ge. In. Logistic (ITS MOBILITÀ) **Italy**
- **Partner** - LAG Coastal Molise (GALMC) **Italy**
- **Partner** - University of Montenegro (UoM) **Montenegro**
- **Partner** - Aleksandër Moisiu University Durrës (UAMD) **Albania**
- **Partner** - Municipality of Tivat **Montenegro**

Project main activities - Expected output/results

DecarBOATS implements electric boats, renewable charging stations, and energy management tools across Italy, Albania, and Montenegro. DHITECH coordinates management and innovation, ITS leads design and training, UoM and UAMD lead AL/ME pilots, GALMC and Tivat execute operational pilots.

Results: Joint Action Plan, DSS platform, three pilots for waste, water analysis, and pollution monitoring.
