

# DecarBOATS

## DecarBOATS

Decarbonisation of Small Boats in the South Adriatic Sea

*Small boats, big green wave for a more sustainable Adriatic*

**Duration**  
start date 07/25  
end date 12/27

**Total budget**  
1.139.077,78

**EU funding**  
937.107,11 €

### Main Goal

The DecarBOATS project promotes green technologies to decarbonize small boats in the Adriatic Sea, reducing emissions and fostering sustainable maritime mobility between Italy, Albania, and Montenegro.
